ENERGY-EFFICIENT AIR CONDITIONER

GSX13

Thank goodness for Goodman.

Goodman
Air Conditioning & Heating

13 SEER PERFORMANCE
As the owner of an efficient Goodman® brand GSX13 R-410A Air Conditioner, you have made one of the best purchasing decisions possible in the HVAC marketplace. At Goodman, we strive to build heating and air-conditioning equipment that offers high performance, energy efficiency, durability, and an environment-complementing design – all at a price that will have you saying “Thank goodness for Goodman.”

In particular, your Goodman brand GSX13 Air Conditioner will provide you with reliable cooling at money-saving energy efficiency levels as compared to lower SEER air conditioner units.

You can count on your Goodman brand GSX13 Air Conditioner to keep you cool on even the hottest summer days. Your Goodman brand air conditioner starts with an energy-efficient compressor, which operates in tandem with our high-efficiency coil. The coil is made of rifled refrigeration-grade copper tubing and corrugated aluminum fins in a design that maximizes surface area. These high-quality components together cool your home effectively.

We know that the last thing you want to hear at night is a noisy air conditioner starting up. So, we build our Goodman brand GSX13 Air Conditioners with sound-dampening features that help ensure that your cooling system doesn’t interfere with a good night’s sleep. We rely on a quiet condenser fan system – a three-bladed fan and a unique louvered sound-control top – to reduce fan-related noise. Your Goodman brand GSX13 Air Conditioner will keep your home cool and comfortable, year after year.

Compared to lower SEER, R-22 refrigerant units, your new Goodman brand GSX13 Air Conditioner system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. This refrigerant does not contain chlorine.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.
IMPRESSIVE FEATURES AND BENEFITS:
GOODMAN® BRAND GSX13
R-410A ENERGY-EFFICIENT AIR CONDITIONER

- Chlorine-free R-410A refrigerant
- An energy-efficient compressor
- A factory-installed in-line filter drier
